

**SRC**

## Etna Bianco

*Etna Bianco by SRC is a vibrant and mineral-driven white wine that reflects the volcanic soul of Mount Etna. It reveals notes of citrus, white peach, and wild herbs, with a distinct saline and smoky nuance. On the palate, it is fresh and precise, with bright acidity and a long, elegant finish marked by its mineral character.*

### Flavor profile

Radiant in the glass with its bright golden-yellow hue, this wine evokes sun and sea from the very first impression. Aromas of lemon peel and orange blossom unfold alongside a delicate sulfurous nuance, reminiscent of volcanic stone and the raw character of the land.

### Food pairing

Great on its own or with light appetizers like ceviche, oysters or arugula salad.

### Tasting notes

On the palate, it is full-bodied yet vibrant, balancing freshness with generous texture. Notes of Mediterranean herbs lead into a long, saline finish, leaving behind a distinctly coastal impression—sun-drenched, savory, and unmistakably evocative of the sea.

### Winemaking

Destemming, maceration for 12 hours in the press, soft pressing and spontaneous fermentation in small steel containers. Aging in stainless steel tanks.

### Appellation

DOC

### Region

Sicily

### Country

Italy

### Wine type

White

### Blend

Carricante, Grecanico

### Vintage

2022

### Alcohol %

12.5
